Instructions for Completing the Statement of Information (Form SI-550)

For faster processing, the required statement for most corporations can be filed online at [www.sos.ca.gov](#).

Every California stock, agricultural cooperative and registered foreign corporation must file a Statement of Information with the California Secretary of State within 90 days of registering with the California Secretary of State, and every year thereafter during a specific 6-month filing period based on the original registration date, as described in the chart below. Changes to information contained in a previously filed Statement of Information can be made by filing a new Form SI-550, completed in its entirety. If there has been no change in any of the information contained in the previous complete Statement of Information filed with the California Secretary of State, a Statement of No Change (Form SI-550 NC) may be used instead of this Statement of Information (Form SI-550). A California nonprofit corporation is not authorized to file a Form SI-550 and must file a complete Statement of Information using Form SI-100.

Status of Corporation: In order to file Form SI-550, the status of the corporation must be active or suspended/forfeited on the records of the California Secretary of State. The status of the corporation can be checked online on the Secretary of State's Business Search at [www.sos.ca.gov](#). See the FTB Suspension/Forfeiture section below for information about resolving an FTB suspended/forfeited status.

Fees: See chart below. Checks should be made payable to the Secretary of State.

Copies: To obtain a copy or certified copy of this filed Statement of Information, include payment for copy fees and certification fees at the time this Statement of Information is submitted. Copy fees are \$1.00 for the first page and \$.50 for each attachment page. For certified copies, there is an additional \$5.00 certification fee, per document.

Processing Times: For current processing times, go to [www.sos.ca.gov](#).
